

ENOC ACTIVE CVT

PRODUCT DESCRIPTION

ENOC ACTIVE CVT is a high performance Continuously Variable Transmission fluids suitable for use in Japanese, American, Korean and European CVT's of push-belt and pull-chain designed transmissions. It is also suitable for use in wet clutch CVT's. **ACTIVE CVT** provides smoother, consistent all weather step-less shifting. It has an all-around lubrication protection of the transmission components to help extend the transmission life and provides a smoother driving experience.

APPLICATIONS

ACTIVE CVT is suitable for use in the following OEM vehicles as a CVT fluid:

MERCEDES BENZ	236.20	SUBARU	NS- 2
AUDI/ VW	TL 52180; G 052 180	SUBARU	i-CVT Fluid
FORD	CVT 30/ CVT 23	SUBARU	i-CVT FG
HONDA	HMMF	SUZUKI	TC/ NS- 2
TOYOTA	TC, FE	DODGE CALIBER	NS- 2
NISSAN	NS-2 / NS-3	GM/ SATURN	DEX- CVT
MITSUBISHI	CVT- J1/ SP- III	HYUNDAI/ KIA	SP III
DAIHATSU	TC	MAZDA	CVTF 3320
PROTON	Preve, Inspira, Exora, Iris		

Always follow equipment manufacturer's recommendation for required lubricant performance levels and oil drain intervals.

BENEFITS

ACTIVE CVT provides:

- ◆ Excellent protection metal-on-metal protection between Belt and Pulley
- ◆ Metal Anti-wear on pull-chain CVTs
- ◆ Good shear stability, anti-foaming and anti-wear
- ◆ Good performance on high torque applications
- ◆ Excellent thermal and oxidation stability or consistent transmission performance.
- ◆ Compatibility with all common seal materials helping control the leakage.
- ◆ Effective foam control properties that will provide consistent shifting performance.
- ◆ Excellent low temperature fluidity

Technical Data*	
Color	RED
Viscosity mm ² /s @ 100°C	7.27
Viscosity mm ² /s @40°C	35.37
Viscosity cPs @ -40°C	13200
Pour Point, °C	-50
Flash Point, °C	210
Viscosity Index	176
Product Code	221010

The information prepared provides the typical properties that are considered as representative. Some variation which will not affect performance is possible

HEALTH AND SAFETY, ENVIRONMENT

The information on this product is available in the ENOC Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information we recommend you review the MSDS. Handled correctly there are no special precautions suggested.
