

ENOC PROTEC PREMIUM

PRODUCT DESCRIPTION

ENOC PROTEC PREMIUM gasoline engine oils are formulated to meet the latest API SP performance specification. Developed to provide maximum protection for use in modern passenger cars including low emission engines fitted with three-way catalyst at exhaust. It is suitable for all types of driving conditions (city, highway and harsh) meeting market conditions. Tailored to provide exceptional protection against sludge and contamination in older engines as well as oil consumption control.

APPLICATIONS

- ◆ All makes of passenger cars where SAE 15W-40 & SAE 20W-50 is recommended
- ◆ Proven performance in normally aspirated and turbocharged gasoline engines
- ◆ Light commercial vehicles

PERFORMANCE STANDARDS

PROTEC PREMIUM meets and exceeds the following International specifications:
 API SP

Always follow equipment manufacturer's recommendations for required lubricant performance level and oil drain intervals.

BENEFITS

PROTEC PREMIUM provides:

- ◆ Exceptional Viscosity retention helps ensure smooth engine running
- ◆ Sludge and deposit control ensures to keep engines cleaner for longer
- ◆ Low Speed Pre-Ignition (LSPI) protection in turbocharged direct injection engines to protect critical engine parts
- ◆ Proven protection under a wide-variety of operating conditions

Technical Data*		
SAE Grade	15W-40	20W-50
Kinematic Viscosity mm ² /s @ 40°C	113	166
Kinematic Viscosity mm ² /s @ 100°C	14.6	18.9
Viscosity Index	132	129
Sulphated Ash%	0.85	0.85
Flash Point, COC, °C	232	236
Pour Point, °C	-39	-33
Product Code	210099	210098

*The information prepared provides the typical properties that are considered as representative. Some variation which will not affect performance is possible

HEALTH AND SAFETY, ENVIRONMENT

The information on this product is available in the ENOC Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information we recommend you review the MSDS. Handled correctly there are no special precautions suggested.
