

ENOC PROTEC 3W PREMIUM 4T

PRODUCT DESCRIPTION

ENOC PROTEC 3W PREMIUM 4T is a modern high technology based 4T engine oil exceeding the latest API SL performance specification. Developed to provide maximum protection for use in modern 3 wheelers fitted with 4 stroke air cooled motorcycle engines. It is suitable for all types of driving conditions (city, highway and harsh) and is available in 20W- 50 viscosity grade, to meet market conditions

APPLICATIONS

- ◆ 3 wheelers with Four stroke motorcycle engines where motor oils are recommended
- ◆ High performance normally aspirated 4T gasoline engines

PERFORMANCE STANDARDS

ENOC PROTEC 3W PREMIUM 4T meets and exceeds the following OEM and International Specifications:

API SL
JASO MA

Always follow equipment manufacturer's recommendations for required lubricant performance levels and oil drain intervals.

BENEFITS

ENOC PROTEC 3W PREMIUM 4T provides:

- ◆ The highest level of engine protection for all manufacturers
- ◆ Extended engine life
- ◆ Superior resistance to oil thickening
- ◆ Excellent protection against wear
- ◆ Low oil consumption and engine deposits
- ◆ Easy all year round starting

Technical Data	
SAE Grade	20W-50
Kinematic Viscosity	
mm ² /s @ 40°C	187
mm ² /s @100°C	20.6
Viscosity Index	129
Flash Point, COC, °C	236
Pour Point, °C	-27
Product Code	213017

HEALTH AND SAFETY, ENVIRONMENT The information on this product is available in the ENOC Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information, we recommend you review the MSDS. Handled correctly there are no special precautions suggested.
