

PROTEC 4T XTREME SPECIAL 5W-40

PROTEC 4T XTREME SPECIAL 5W-40 is a modern high performance fully synthetic gasoline motorcycle engine oil developed specifically to meet the special requirements of the latest high-performance air and Liquid cooled 4-stroke motorcycles. oil is blended from superior quality synthetic base oils and specially selected performance additives to provide excellent protection for engine, gearbox and wet clutch used in 4-stroke motorcycles. It is formulated to provide high degree of reliability even under severe operating conditions. PROTEC 4T XTREME SPECIAL 5W-40 exceeds the requirements of API SN and JASO MA2 for 4-stroke motorcycle oils, it is also compatible for all motor cycles running on lead free gasoline and catalytic converters

APPLICATIONS

- ◆ Air and Liquid cooled four-stroke motor cycle engines.
- ◆ Four-Stroke motor cycles with integral wet clutch operation
- ◆ Four-Stroke motor cycles with back torque limiters
- ◆ Four stroke motor cycle with exhaust catalytic converter

PERFORMANCE STANDARDS

PROTEC 4T XTREME SPECIAL 5W-40 meets and exceeds the following OEM and International Specifications:

API SN
JASO MA 2

Always follow equipment manufacturer's recommendations for required lubricant performance levels and oil drain intervals.

BENEFITS

PROTEC 4T XTREME SPECIAL 5W-40 provides:

- Superb shear stability that can help resist viscosity shear down in high-performance engines and transmissions
- Exceptional thermal stability can help resist oxidation and high-temperature degradation
- Outstanding protection against wear of engine and transmission components
- Enhanced lubrication can help maintain maximum power and acceleration over the life of the engine
- Optimized wet-clutch performance
- Excellent low-temperature flow characteristics can help minimize engine wear during startup

Technical Data	
SAE Grade	5W-40
Kinematic Viscosity	
mm ² /s @ 40°C	83.5
mm ² /s @100°C	13.9
Viscosity Index	172
Flash Point, COC, °C	226
Pour Point, °C	-36
Phosphorus% Mass, Min.	0.08
Product Code	220044

* The information prepared provides the typical properties that are considered as representative. Some variation which will not affect performance is possible

HEALTH AND SAFETY, ENVIRONMENT The information on this product is available in the ENOC Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information, we recommend you review the MSDS. Handled correctly there are no special precautions suggested.
